New York Stock Market

New York, August 6.—The outstanding feature of to-day's professional and frequently stagnant stock market was a temporary further rise in Union Pacific, based on gossip that some distribution in east of stock may follow the company's sales of Southern Pacific holdings. From authoritative sources it was learned that no foundation ealists for such rumors, but it is not denied that some author beneficial to Union Pacific stockholders may be taken before leas. cethe stockholders may be taken before as.
Chrion Pacifics I-point advance registered the very early dealings was not shared by the very early dealings was not shared by her leaders most of which manifested a ckward tendency. Steel was under present a stockward tendency. Steel was under present a standard Copper suffered a character of the metal, and Reading and Lehtan liley were soid by the shorts in anticipation it was said, of Federal action against earlier roads.

Outsylle and Nashville yielded slightly washington adveced lealing with a prosef inquiry into its subsidiaries, but the bile utility stocks were not affected by comparable and reports that the telephone of telegraph companies are to be subjected further examination by the interstate innerse commission. In fact, Western iton rese a full point New Haven was fined at times to ease off, which may have been unrelated to the probable suspicing of the Besion and Maine preferred tend. not setter demand for commercial paper by and interior banks was the only beta-bange in monetary conditions. Six-a money was easier on more liberal

the close of the day when the new crop months were 16918 points over yesterday's last quotations. The close was steady at a net gain of 13911 points.

Not only was the weather map dry and warm, but the forecast predicted fair weather for the western belt. The promise of showery weather for the eastern half of the belt was not considered of much importance, as the best part of the eastern belt has received enough rain for the time being. The detailed weather reports noted high temperatures in many districts of the belt, and the bulls called it the warmest day of the summer. Reports of damage to the crop in the West were hardly short of sensational, but bulls were not aggressive. Spot cotton quiet and unchanged, middling lie. Sales on the spot 42 bales and 18 to arrive. Cotton futures closed: August 1147. Sentember 11.23. October, 11.21; December, 11.17, January, 11.18, March, 11.25; May, 11.37.

× management A Dozen or More

Good sermons could be preached from the following six words as a text:

"Procrastination is the Thief of Time"

Here's one:

The habit of putting off important duties is dangerous, and delay frequently proves fatal. The thing to do, if you have some business matter that needs attention, is to go and attend to it.

Of course we have reference to duty of making

Come to see us about it-it's our business.

Then Grows Dull and Irregular, With Reaction at Close.

BY BROADAN WALL. New York, August 6.—After an early dis-play of strength, to-day's stock market grew dull, then irregular, and finally closed with a reactionary tendency. The market was by no means weak and declines were frac-

tional. A period of hesitation or uncertional. A period of hesitation or uncertainty until tne publication of the government crop report Friday may reasonably be looked for.

Some falling off is noted in the foreign markets, and London houses sold stocks here. The grain markets were firm and stress was laid on the curtailment in the production of pig iron. The fresh attack on the coal companies by the Department of Justice accounted for the weakness in Reading.

the coal companies by the Department of Justice accounted for the weakness in Reading.

A somewhat unfavorable statement of June earnings for Lehigh Valley brought a fractional decline in this stock. The annual report just published shows earnings at the rate of over 11 per cent on the stock for the year, and this after a heavy increase in maintenance of way and maintenance of equipment charges over the figures of 1912 which had previously been considered sufficiently high. The report is highly satisfactory, showing an increase in general freight business as well as in the number of passengers carried.

Rumor persists that an extra cash distribution will be made to Union Pacific stock-holders before the end of the year, and bankers while not confirming this report are unwilling to deny it. The shares rose sharply to 1524, but failed to retain all the advance. This stock may be expected to be active during the next sixty or ninety days, and this should mean advancing prices.

Copper metal sold at 124c a pound Houses with Boston connections were sellers of the copper shares, and checked the advancing tendency in Amalgamated and Utah, Anaconda scored a gain.

Efforts to lift the price of Eric to 30, it is surprising to find the number of people who are willing to believe that Erle, so recently on the verge of bankruptcy, will continue to fight an advance in wages, and at the same time resume dividends on the preferred shares. The source of the recent buying is one of the unsolved mysteries of the Street and a source of speculation in itself.

There was some disappointment that the directors of the literious code, no active

WANTS CURRENCY

BILL DISCUSSED

American Bankers' Association
Sends Out Invitation
for Meeting.

New York, August 6.—In a circular letter sent out to-day, the currency commission of the American Bankers'
Associations, invited the presidents of Bunks Will Be Merged.

Banks Will Be Merged

Associations, invited the presidents of the State Bankers' Associations and representatives of all clearing houses to meet with the commission in Chicago this month to discuss the administration's proposed currency bill. The meeting is contingent upon the action of the Democratic caucus of the House of Representatives at Washington, August 11.

In a letter, A. Barton Hepburn, chairman of the commission, says.

"There have been no public hearings on this measure. This is a very important subject, vitally affecting all

Business Men Are Up in Arms Over Proposal of Railroads.

Refund is Demanded.

[Special to The Times-Dispatch.]
Washington, August 6.—The Pacific
Fruit Exchange of Sacramento, Cal., to-day filed a complaint with the In-terstate Commerce Commission asking a refund of \$5,130 overcharges for refrigeration of deciduous fruits over trans-continental railroads from Cali-fornia points to Eastern scaport cities, to the New England States and to Canada.

Vote is Reconsidered.

[Special to The Times-Dispatch.] Washington, August 6.-The Senate to-night voted to reconsider the vote which it confirmed Tom Fox as postmaster of Sacramento, yesterday, pending a hearing before the Post-Office Committee, and later the Sen-ate. This action was taken at the request of Senator Works, of California, who is opposing Fox, and who was not present when his nomination was con-

Harts Succeeds Cosby.

[Special to The Times-Dispatch.] Washington, August 6.—Major Wil-liam W. Harts, Corps of Engineers, U. S. A., was to-day selected by President Wilson to succeed Colonel Spencer Cosby, who has been appointed bassy in Paris, as superintendent of public buildings.

"LID" IS CLAMPED ON

Queen Orders Palace Servants to Quit Gambling.

ISpecial Cable to The Times-Dispatch.]
London, August 6.—The gambling lid is on at Buckingham Palace. The quiet little games with which the servants were wont to while away their time and spare pennies are no more. As a result grumblings are loud and frequent.

This is due to rules issued by Queen Mary, whose antigambling views are well known in court circles. In connection with this, it became known to day that a strike of all the servants at the palace was narrowly averted only a few days ago. The story was only whispered in court circles to-day, but by morning it is expected to be come the chief bit of gossip in London. It seems that for years it has been the custom for the several maid servants to draw lots to decide who should accompany the Queen aboard the royal
